Honorable James H. Welsh
Commissioner of Conservation
Office of Conservation
Post Office Box 94275
Baton Rouge, LA 70804-4275

Re: Hackberry Zone, Reservoir B
Nonion Struma Zone, Reservoir D
Topsy Field (Thompson Bluff Field)
Allen and Jefferson Davis Parishes, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **Aspect Energy, LLC**, for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the Hackberry Zone, Reservoir B and the Nonion Struma Zone, Reservoir D, in the Topsy Field, Allen and Jefferson Davis Parishes, Louisiana:

1. To create two additional drilling and production units for the Hackberry Zone, Reservoir B and the Nonion Struma Zone, Reservoir D, said proposed units designated HBY RB SUC and NS RD SUC and as shown on the plats attached hereto and made a part hereof;
2. To establish rules and regulations governing the exploration for and production of gas and condensate from the Hackberry Zone, Reservoir B, SUC and the Nonion Struma Zone, Reservoir D, SUC in the Topsy Field, Allen and Jefferson Davis Parishes, Louisiana;
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the units so created with each tract sharing in unit production on a surface acreage basis of participation;
4. To designate an operator of the proposed HBY RB SUC and NS RD SUC;
5. To provide that any wells drilled to the above mentioned zones, within or outside of the proposed units, should be located in accordance with the spacing provisions of LAC 43:XIX.1901, et seq. (Statewide Order No. 29-E);
6. To allow the Commissioner of Conservation to reclassify the reservoirs by supplemental order, without the necessity of a public hearing, should the producing characteristics of the reservoirs change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation; and

7. To consider such other matters as may be pertinent to the Hackberry Zone RB and the Nonion Struma Zone RD.

The Hackberry Zone, Reservoir B and Nonion Struma Zone, Reservoir D in Topsy Field, Allen and Jefferson Davis Parishes, Louisiana were previously defined in Order Nos. 957-E-1 and 957-C-3 respectively.

Pertinent data, including well logs, not available from the Office of Conservation, may be obtained **AT THE COST OF THE REQUESTING PARTY** from James F. Hardwick & Associates, 1101 S. Hugh Wallis Road, Suite 101, Lafayette, Louisiana 70508, Telephone Number (337) 232-7756.

In compliance with the Rules of Procedure for Conducting Hearings Before the Commissioner of Conservation a pre-application conference was held in Lafayette, Louisiana on Monday, November 8, 2010. Attached hereto and made a part hereof is a list of the names and addresses of the parties who were in attendance at the conference. The conference was opened by James F. Hardwick who presented the basis of the applicant's proposal. Numerous questions were asked and answered. A counterplan was presented, by an offset operator, which differed only by placing the units in Topsy Field instead of Thompson Bluff Field as indicated in the pre-application notice. We agreed to compromise and accommodated their request. The conference was adjourned and opposition is not anticipated at the hearing.

Attached hereto and made part hereof are plats outlining the applicant's proposals, along with a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application notice is being mailed. Pursuant to the Revised Rules of Procedure, such list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties. Finally, enclosed is a check on behalf of the applicant, made payable to the Office of Conservation, representing the required hearing application fee.

Very truly yours,

James F. Hardwick
