In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, FEBRUARY 8, 2011**, upon the application of **INDIGO MINERALS, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Cotton Valley Formation, Reservoir A**, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana.

1. To authorize Applicant to drill, designate and utilize a horizontal well as an alternate unit well for CV RA SU107 at the location shown on the plat submitted with the application, and to approve an exception to the spacing provisions of Office of Conservation Order No. 289-J, effective March 1, 1974, for all productive portions of the wellbore of this well located at least 330 feet from a unit boundary.
2. To find that that the proposed alternate unit well is necessary to efficiently and economically drain a portion of the Cotton Valley Formation, Reservoir A, underlying CV RA SU107 which cannot be efficiently and economically drained by an existing well on such unit.
3. To provide that where the horizontal portion of the well is cased, the distance to any unit boundary and between offset well(s) will be calculated based on the distance to the nearest perforation in the well and not on the penetration point or terminus of the well in the Cotton Valley Formation.
4. To permit the operator of CV RA SU107 to produce the unit allowable from either the unit well from any alternate unit well, or from any combination of such wells, at the option of the Operator.
5. To consider such other matters as may be pertinent.
