Re: Jurassic Zone, Reservoir A  
Oxford Field  
DeSoto Parish, Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of **ENCANA OIL & GAS (USA) INC.**, for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize its Robert Rust, et al 32H No. 1 Well as unit well for the JUR RA SUF, at the location shown on the plat attached hereto, in exception to the spacing provisions of Office of Conservation Order No. 1516, effective April 22, 2008, or within a radius of 100 feet thereof, but in no event closer than 330 feet from the nearest unit line and 660 feet from the nearest offset Jurassic or Haynesville Zone well to account for any slight variation in the actual "as drilled" location.
2. To find that the proposed unit well at the location shown is necessary to efficiently and economically drain a portion of the reservoir covered by the unit in which it is situated and that use of such well will not adversely affect offset owners.
3. To designate Encana Oil & Gas (USA) Inc. as unit operator.
4. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 1516, effective April 22, 2008, as amended and supplemented by the 1516-A Series of Orders, and applicable Statewide Orders.
5. To consider such other matters as may be pertinent.

The Jurassic Zone, Reservoir A, in Oxford Field, DeSoto Parish, Louisiana, was defined in Office of Conservation Order No. 1516, effective April 22, 2008.
