1. To permit the Applicant to drill, designate and utilize seven (7) alternate unit wells for the production of gas and condensate for the Haynesville Zone, Reservoir A, in the unit designated HA RA SU154, in the Caspiana Field, DeSoto Parish, Louisiana, such unit and wells shown on the attached plat and being made a part hereof.

4. To permit the unit operator to produce the assigned unit allowable from the unit well, the alternate unit wells or from a combination of all wells, at its discretion.
5. To consider and cover such other matters as the Commissioner of Conservation may deem pertinent and appropriate.
