RE: HEARING APPLICATION
Haynesville Zone, Reservoir A
HA RA SU101 and HA RA SU102
Greenwood-Waskom Field
Caddo Parish, Louisiana
Our File No. 230593.417

Dear Sir:

On behalf of COMSTOCK OIL & GAS-LOUISIANA, LLC, application is hereby made for a public hearing to receive evidence concerning the issuance of an order pertaining to the following matters relating to the Haynesville Zone, Reservoir A, in the Greenwood-Waskom Field, Caddo Parish, Louisiana.

1. To create two (2) additional drilling and production units (to be designated as HA RA SU101 and HA RA SU102) for the exploration for and production of gas and condensate from the Haynesville Zone, Reservoir A, in the Greenwood-Waskom Field, Caddo Parish, Louisiana, as shown on the plat attached hereto.
2. To force pool and integrate all separately owned tracts, mineral leases, and other property interests within the proposed units, with allocation of production to the tracts within such units to be on the basis of surface acreage participation.
3. To redefine the Haynesville Zone, Reservoir A, in the Greenwood-Waskom Field, INsofar AND ONLY INsofar as to the proposed HA RA SU101 and HA RA SU102, as being that gas and condensate bearing zone encountered between the depths of 9,828 feet and 11,145 feet (electrical log measurements) in the Encore Operating Louisiana, L.L.C. (formerly Greystone Oil & Gas, L.L.P.) - Querbes No. 2 Well located in 29, Township 16 North, Range 16 West, Caddo Parish, Louisiana.
4. To provide that, with respect to future horizontal wells drilled to the Haynesville Zone, Reservoir A, within or to serve HA RA SU101 and HA RA SU102, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Zone, Reservoir A, the distance to any unit boundary and any offset well(s) will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus.

5. Except to the extent contrary herewith, to provide that the provisions of the Office of Conservation Order No. 270-MM, effective June 19, 2007, as amended and supplemented by the 270-MM Series of Orders, shall remain in full force and effect.
6. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Haynesville Zone, Reservoir A, in the Greenwood-Waskom Field, was previously defined in Office of Conservation Order No. 270-MM, effective June 19, 2007, and is hereby redefined INsofar AND ONLY INsofar as to the proposed units designated HA RA SU101 and HA RA SU102, as being that gas and condensate bearing zone encountered between the depths of 9,828 feet and 11,145 feet (electrical log measurements) in the Encore Operating Louisiana, LLC (formerly Greystone Oil & Gas, LLP) - Querbes No. 2 Well, located in Section 29, Township 16 North, Range 16 West, Caddo Parish, Louisiana.
