

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, MAY 3, 2011**, upon the application of **WILDHORSE RESOURCES, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Hall Sand and Burgess-Simmons Sand**, in the Lisbon Field, Claiborne Parish, Louisiana.

1. To authorize Wildhorse Resources, LLC to drill, designate and utilize the W. W. Bennett 23 No. 1 Well as a substitute unit well for HALL SUI at the exceptional location shown on the plat submitted with the application.
2. To authorize Wildhorse Resources, LLC to drill, designate and utilize the B. W. White 23 No. 1 Well as an alternate unit well for HALL SUI at the exceptional location shown on the plat submitted with the application.
3. To establish that the proposed substitute unit well and alternate unit well on HALL SUI are necessary to efficiently and economically drain a portion of the Hall Sand underlying HALL SUI.
4. To authorize the unit allowable for HALL SUI to be recovered from the proposed substitute unit well, the proposed alternate unit well, or any combination thereof, at the discretion of the operator.
5. To authorize Wildhorse Resources, LLC to drill, designate and utilize the F. M. Lowery 23 No. 1 Well (SN 242902) as an alternate unit well for HALL SUK at the exceptional location shown on the plat submitted with the application.
6. To designate Wildhorse Resources, LLC as operator of the proposed alternate unit well for HALL SUK, the F. M. Lowery 23 No. 1 Well and to authorize Wildhorse Resources, LLC to report production from said well to the Office of Conservation separately from the unit well.
7. To find that the Vernon E. Faulconer, Inc. – C. E. Patton, et al No. 1 Well (SN 93359) should continue as the unit well for HALL SUK, that Vernon E. Faulconer, Inc. should remain as operator of said well, and that it be authorized to report production from said well to the Office of Conservation separately from the proposed alternate unit well.
8. To assign a single unit allowable to HALL SUK that may be recovered from the unit well, the proposed alternate unit well, or from a combination of such wells, with the allocation of such allowable between said wells to be arranged between the operators of the respective wells, in their discretion.
9. To authorize the downhole or wellbore combination of hydrocarbons from any current or future well drilled on BS SUI and HALL SUI or BS SUK and HALL SUK, respectively, provided the units are of the same size and configuration and the production is owned the same.
10. To consider such other matters as may be pertinent.

The Hall Sand was defined in Office of Conservation Order No. 9-C-32, effective November 1, 1962.

The Burgess-Simmons Sand was defined in Order No. 9-C, effective November 10, 1945.

Plats are available for inspection in the Office of Conservation in **Baton Rouge** and **Shreveport**, Louisiana.
