TRACT 33347 - PORTION OF BLOCK 19, SOUTH PASS AREA, Plaquemines Parish, Louisiana

That portion of Block 19, South Pass Area, Plaquemines Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on April 1, 2001, described as follows: Beginning at the Northeast corner of Block 19, South Pass Area, having Coordinates of X = 2,733,992.00 and Y = 141,182.00; thence South 9,099.00 feet to a point having Coordinates of X = 2,733,992.00 and Y = 132,083.30; thence Southwesterly to a point having Coordinates of X = 2,731,258.00 and Y = 131,033.00; thence Southwesterly 5,891.38 feet to a point on the south line of Block 19 having Coordinates of X = 2,727,588.00 and Y = 126,424.00; thence West 975.48 feet to a point having Coordinates of X = 2,726,612.98 and Y = 126,424.00 feet; thence North 14,758 feet to a point on the north line of Block 19 having Coordinates of X = 2,726,612.98 and Y = 141,182.00; thence East 7,379.02 feet to the point of beginning, containing approximately **1,985.58 acres**, as shown outlined in red on a plat on file with the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant, **LESS AND EXCEPT** that portion thereof, if any, which is more than three nautical miles from the coast line as determined by the Report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. State of Louisiana et al No. 9 Original, said three mile line as set out in the June, 1975, decree of the Supreme Court. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The boundary description and plat for this tract as shown and advertised were supplied by the nominating party and have not been checked for accuracy by the staff of the Office of Mineral Resources. Anything which may affect the acreage, the shape or the location of the tract, such as non-closure of or incorrect X, Y coordinates of title disputed acreage, or which may affect the status of the tract for leasing, such as overlap of prior leases or nominated tracts, or which may affect potential operations on leases taken, such as inclusion in areas under the jurisdiction of the Department of Wildlife and Fisheries, will not be specifically determined unless and until a bid on this tract is accepted by the Mineral Board; which bid will be accepted on a per acre basis and which acceptance will be conditional upon such specific determinations being made. Once a bid is conditionally accepted by the Mineral Board, the staff will, within a period following the date of the lease sale, determine the acreage, shape and location of the potential lease area of the tract, the status for leasing of all or any portion thereof, and any conditions which may affect potential operations thereon. These determinations may render all or a portion of the bid area unleaseable or may increase or decrease the State claimed acreage such that the total bonus/rental ultimately required may either exceed the bonus/rental paid at the lease sale, which will require additional payment by the successful bidder, or allow the successful bidder a refund of excessive payment. The successful bidder will be notified of the determinations by the staff and given an opportunity to view the bid area acreage, configuration and location as it has been specifically determined. If all or a portion of the bid area is unleaseable due to overlap of an existing lease, the successful bidder will be given an opportunity to accept or reject a new lease on the

portion of the bid area which is not unleaseable. If rejected, the bid and all monies accompanying the bid will be returned to the successful bidder and no lease will be issued. In all other cases a new lease will be issued and any additional per acre bonus/rental 10% administration fee or \$10 and \$5 per acre fees due as a result of staff determination of more State acreage in the bid area than determined by the successful bidder will be paid prior to the lease being issued. A determination of less State acreage in the bid area will result in a return to the successful bidder of any overpayment.

NOTE: It appears, according to our records, that a portion of this tract is located within the restrictive anchorage area as set out by the U. S. Coast Guard.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee or its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

TRACT 33349 - PORTION OF BLOCK 16, SOUTH PASS AREA, Plaquemines Parish Louisiana

That portion of Block 16, South Pass Area, Plaquemines Parish, Louisiana belonging to the State of Louisiana and not under mineral lease on April 11 2001, described as follows: Beginning at the Southeast corner of Block 16 South Pass Area, having Coordinates of X = 2,733,992.00 and Y = 141,182.00 thence West 10,605.27 feet along the south line of Block 16 to a point having Coordinates of X = 2,723,386.73 and Y = 141,182.00; thence northeasterly along the boundary of Pass-A-Loutre Wildlife Management Area to a point having Coordinates of X = 2,730,992.44 and Y = 155,940.00; thence East 2,999.56 feet to a point having Coordinates of X = 2,733,992.00 and Y = 155,940.00; thence South 14,758.00 feet along the east line of Block 16 to the point of beginning, containing approximately **2,304.64 acres**, as shown outlined in red on a plat on file in the Office of Mineral Resources Department of Natural Resources, as provided by the applicant. All bearings distances and coordinates are based on Louisiana Coordinate System of 1928 (South Zone).

NOTE: The boundary description and plat for this tract as shown and as advertised were supplied by the nominating party and have not been checked for accuracy by the staff of the Office of Mineral Resources. Anything which may affect the acreage, the shape or the location of the tract, such as non-closure of or incorrect X, Y coordinates of the title disputed acreage, or which may affect the status of the tract for leasing, such as overlap of prior leases or nominated tracts, or which may affect potential operations on leases taken, such as an inclusion in areas under the jurisdiction of the Department of Wildlife and Fisheries, will not be specifically determined unless and until a bid on this tract is accepted by the Mineral Board; which bid will be accepted on a per acre basis and which acceptance will be conditional upon such specific determinations being made. Once a bid is conditionally accepted by the Mineral Board, the staff will within a period following the date of the lease sale, determine the acreage, shape and location of the potential lease area of the tract, the status for leasing of all or any portion thereof, and any conditions which may affect potential operations thereon. These determinations may render all or a portion of the bid area unleaseable or may increase or decrease the State claimed acreage such that the total bonus/rental ultimately required may either exceed the bonus/rental paid at the lease sale, which will require additional payment by the successful bidder, or allow the successful bidder a refund of excessive payment. The successful bidder will be notified of the determinations by the staff and given an opportunity to view the bid area acreage, configuration and location as it has been specifically determined. If all or a portion of the bid area is unleaseable due to overlap of an existing lease, the successful bidder will be given an opportunity to accept or reject a new lease on that portion of the bid area which is not unleaseable. If rejected, the bid and all monies accompanying the bid will be returned to the successful bidder and no lease will be issued. In all other cases a new lease will be issued and any additional per acre bonus/rental 10% administration fee or \$10 and \$5 per acre fees due as a result of staff determination of more State acreage in the bid area than

determined by the successful bidder will be paid prior to the lease being issued. A determination of less State acreage in the bid area will result in a return to the successful bidder of any overpayment

NOTE: It appears, according to our records, that a portion of this tract is located within the restrictive anchorage area as set out by the U. S. Coast Guard.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee or its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

TRACT 33351 - PORTION OF BLOCK 17, SOUTH PASS AREA, Plaquemines Parish Louisiana

That portion of Block 17, South Pass Area, Plaquemines Parish, Louisiana belonging to the State of Louisiana and not under mineral lease on April 11 2001, described as follows: Beginning at a point 7,379.00 feet east of the southwest corner of Block 17, South Pass Area, having Coordinates of X = 2,741,371.00 and Y = 141,182.00, being the point of beginning; thence North 14,758.00 feet to the north line of Block 17 to a point having Coordinates of X = 2,741,371.00 and Y = 155,940.00; thence East 4,214.11 feet to a point having Coordinates of X = 2,745,585.11 and Y = 155,940.00; thence Southwesterly on a straight line to a point having Coordinates of X = 2,745,156 and Y = 153,600.00; thence Southwesterly on an arc having radius of 18,240.60 feet and a center at X = 2,727,215 and Y = 156,890 to a point having Coordinates of X = 2,745,054.00 and Y = 153,083.00; thence Southwesterly on an arc having a radius of 18,240.60 feet and a center at X = 2,726,951 and Y = 150,846 to a point having Coordinates of X = 2,743,622.00 and Y = 143,444.00; thence Southwesterly on an arc having a radius of 18,240.60 feet and a center at X = 2,726,105 and Y = 148,530.00 to a point on the South line of Block 17 having Coordinates of X = 2,742,800.09 and Y = 141,182.00; thence West 1,429.09 feet to the point of beginning, containing approximately **1,112.00 acres**, as shown outlined in red on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant, **LESS AND EXCEPT** that portion thereof, if any, which is more than three nautical miles from the coast line as determined by the Report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. State of Louisiana et al No. 9 Original, said three mile line as set out in the June, 1975, decree of the Supreme Court. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The boundary description and plat for this tract as shown and advertised were supplied by the nominating party and have not been checked for accuracy by the staff of the Office of Mineral Resources. Anything which may affect the acreage, the shape or the location of the tract, such as non-closure of or incorrect X, Y coordinates of the title disputed acreage, or which may affect the status of the tract for leasing, such as overlap of prior leases or nominated tracts, or which may affect potential operations on leases taken, such as inclusion in areas under the jurisdiction of the Department of Wildlife and Fisheries, will not be specifically determined unless and until a bid on this tract is accepted by the Mineral Board; which bid will be accepted on a per acre basis and which acceptance will be conditional upon such specific determinations being made. Once a bid is conditionally accepted by the Mineral Board, the staff will within a period following the date of the lease sale, determine the acreage, shape and location of the potential lease area of the tract, the status for leasing of all or any portion thereof, and the conditions which may affect potential operations thereon. These determinations may render all or a portion of the bid area unleaseable or may increase or decrease the State claimed acreage such that the total bonus/rental ultimately required may either exceed the bonus/rental paid at the lease sale, which will require additional payment by the successful bidder, or allow the successful bidder

refund of excessive payment. The successful bidder will be notified of the determinations by the staff and given an opportunity to view the bid area acreage, configuration and location as it has been specifically determined. If all or a portion of the bid area is unleaseable due to overlap of an existing lease, the successful bidder will be given an opportunity to accept or reject a new lease on the portion of the bid area which is not unleaseable. If rejected, the bid and all monies accompanying the bid will be returned to the successful bidder and no lease will be issued. In all other cases a new lease will be issued and any additional per acre bonus/rental 10% administration fee or \$10 and \$5 per acre fees due as a result of staff determination of more State acreage in the bid area determined by the successful bidder will be paid prior to the lease being issued. A determination of less State acreage in the bid area will result in a return to the successful bidder of any overpayment

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee or its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.
