The description is based on information provided by the State Agency regarding location and ownership of surface and mineral rights. All bearings, distances and coordinates, if applicable, are based on Louisiana Coordinate System of 1927, (North or South Zone).

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular

purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: There shall be no surface activity on the leases premises.

NOTE: There shall be a minimum royalty of 25%.

NOTE: There shall be a minimum bonus of \$4000.00 per acre.

NOTE: The lease shall terminate as to all depths one hundred feet (100') below the stratigraphic equivalent of the greatest depth drilled and logged by any well drilled on the leased premises or on acreage pooled therewith during the primary term or the expiration of ninety (90) days following the completion or abandonment of any well drilled on the leased premises, or acreage pooled therewith, the drilling of which was in progress on or before the expiration of the primary term. Lessee shall promptly record an appropriate act of partial release upon such termination. Lessor, its Lessee or assigns shall have the right of use of the leased premises for the purpose of investigation, exploration and production of minerals from the horizons to which this lease has terminated.

NOTE: This lease covers only oil and gas in liquid, gaseous or vaporous forms or states, which can or may be produced through a bore of a well. This lease does not include the right to mine solid minerals and does not include the right to produce coal bed methane gas from coal or lignite.

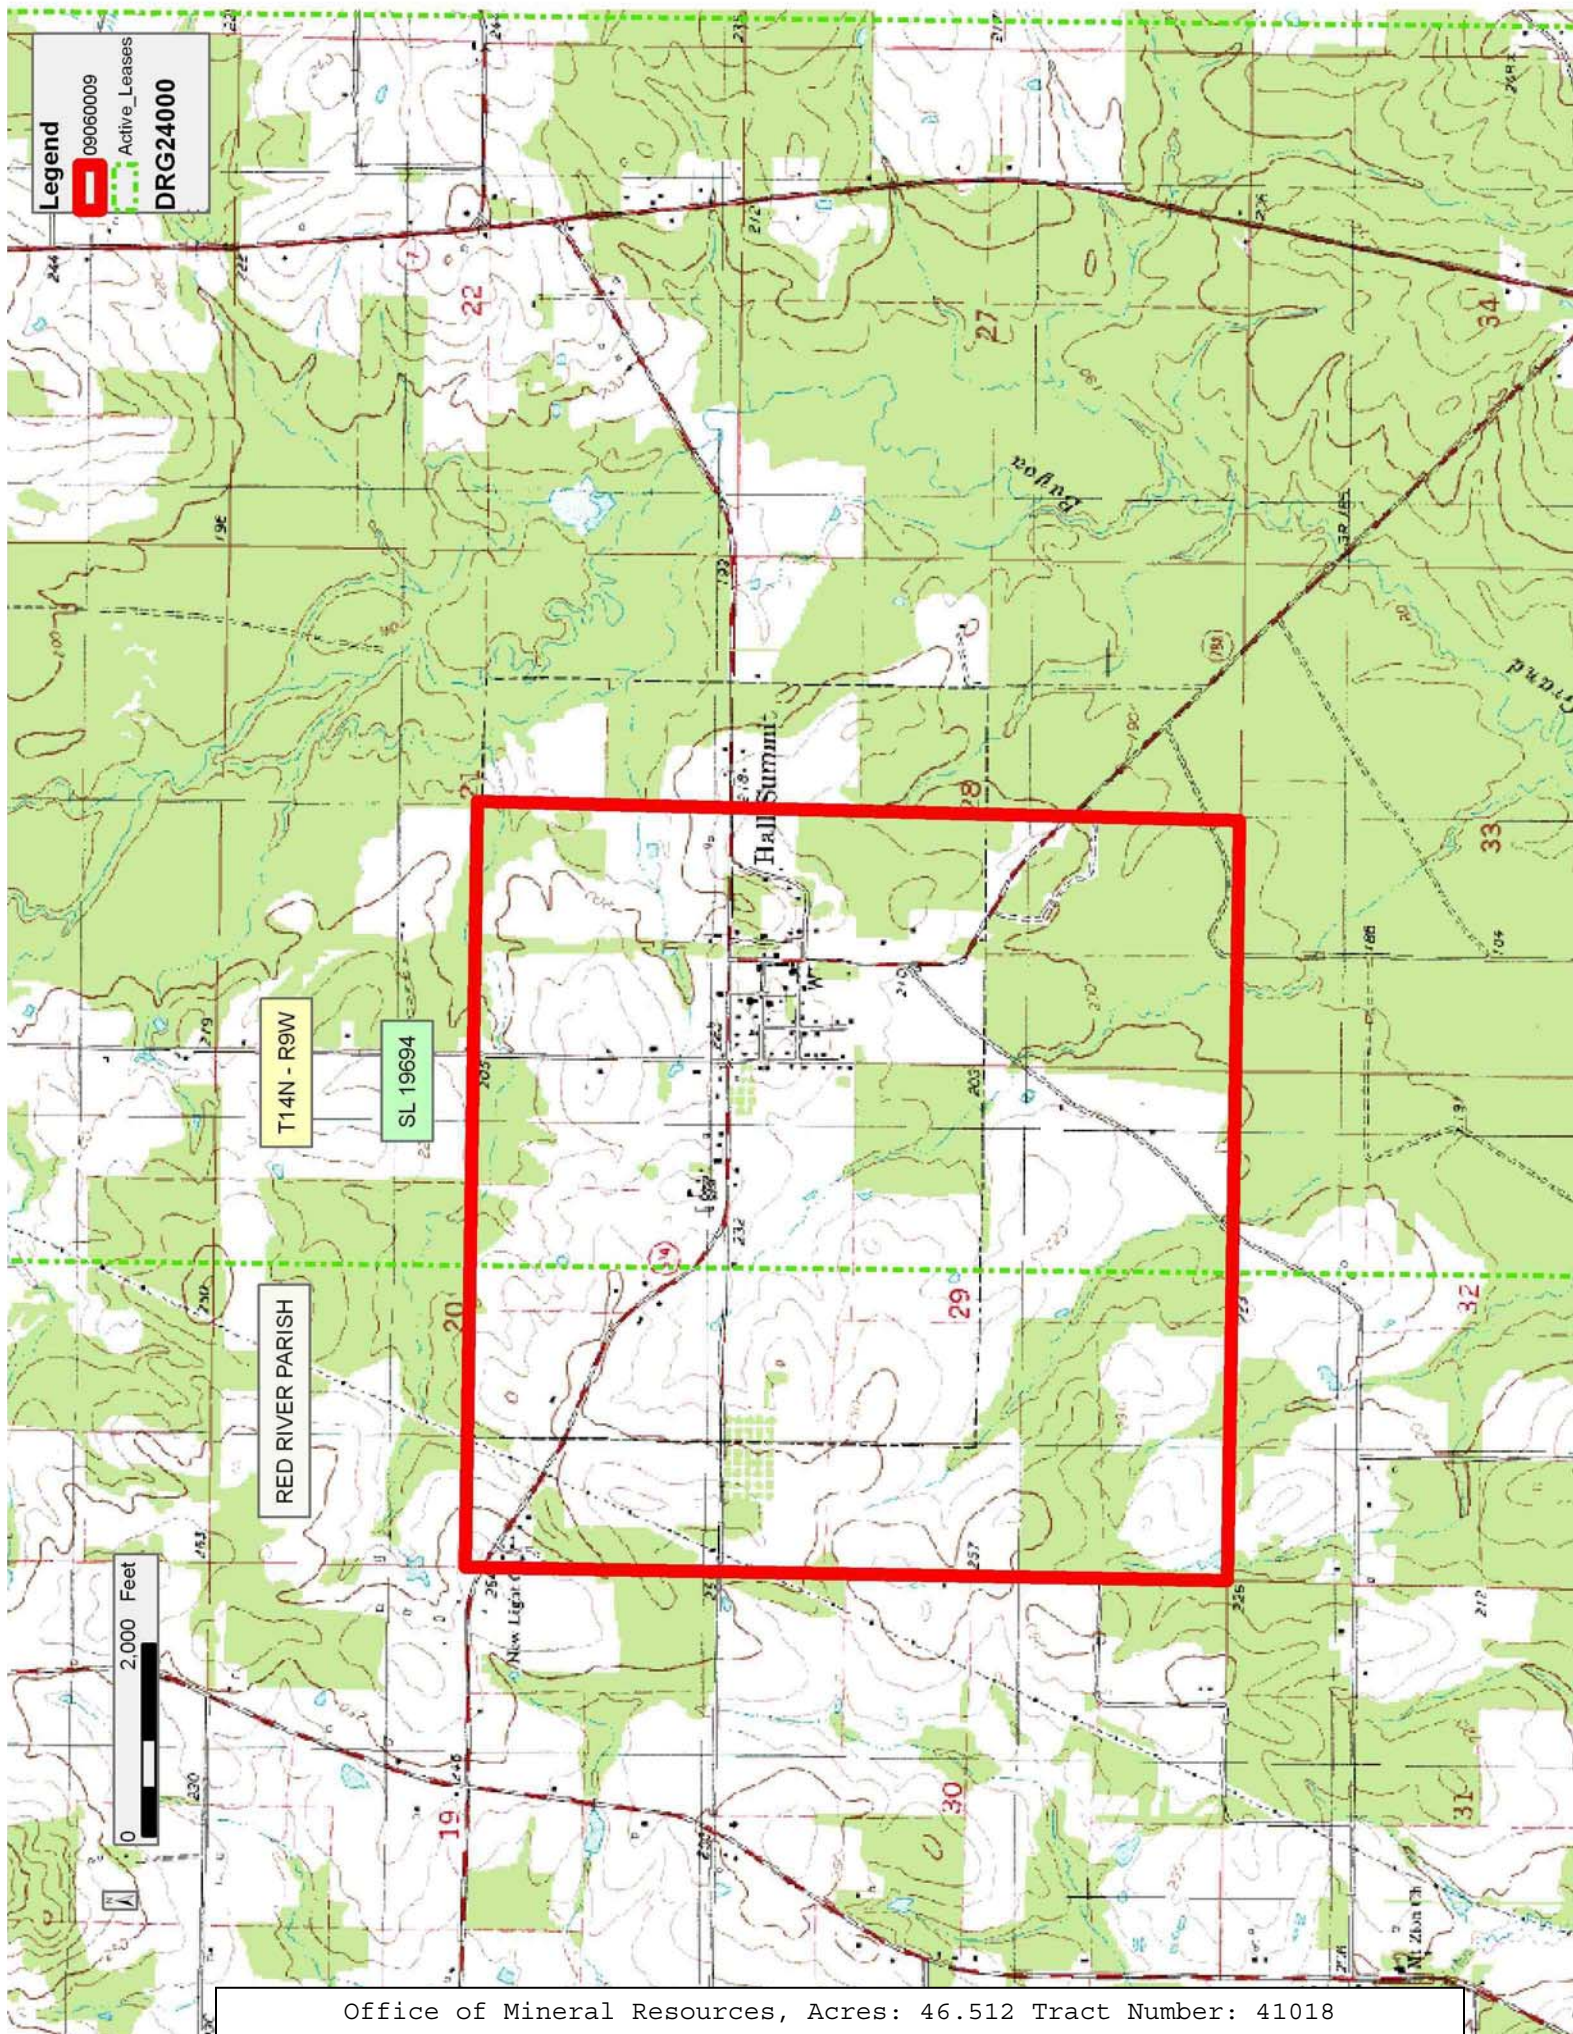

NOTE: The commencement of operations for drilling, the drilling or reworking of a well, or the production of oil, gas or other minerals from any well situated on lands included within a unit embracing only leased premises or embracing a portion of the leased premises and other lands not covered hereby shall only serve to maintain this lease in force as to that portion of the leased premises embraced in such unit; but during the primary term, and delay rentals that might be payable hereunder shall be proportionately reduced and be payable on that portion of the leased premises not included in such unit. In the absence of production units formed by the State of Louisiana Office of Conservation, or other regulatory body, Lessee, its successors or assigns, must declare a production unit for any well producing on the leased premises. Such Unit Declaration must be made in writing, recorded in public records, will unitize contiguous acreage, and may included not more than 640 acres for a gas well, nor more than 80 acres for an oil well.

NOTE: The royalty interest provided for in the lease shall not be charged, and shall not bear, any costs whatsoever in connection with the production, compression, gathering, and transportation costs, except charges incurred by Lessee from unaffiliated Third Parties in which Lessee does not have a beneficial interest. Royalty will be paid for any product produced from any wells that is used to operate/service any equipment used for said same production.
