NOTE: NOTE: Bidders be advised that tracts nominated in Lake Bistineau in Bienville, Bossier, and Webster Parishes are currently the subject of litigation. Devon Energy Production Co., L.P. v. Gail Norton, Secretary, United States Department of the Interior, Docket No. 04-2093 (W.D. La.), is a dispute between the State of Louisiana and the United States over title to the water bottoms of Lake Bistineau. Any bids accepted for Lake Bistineau tracts are done so with the caveat that title is currently in dispute and that a loss of title by the State of Louisiana may result in a cancellation of State mineral leases on Lake Bistineau by the United States. Any mineral lease selected from Lake Bistineau tracts and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled, or abrogated due to the existence of conflicting leases, operating agreements, private claims, the Devon Energy litigation, or other future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve

the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.
