

**TRACT 39137 - Iberia and Vermilion Parishes, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description the title of which vests in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on June 13, 2007, situated in Iberia and Vermilion Parishes, Louisiana, and more particularly described as follows: Beginning at a point having Coordinates of X = 1,791,872.00 and Y = 355,562.00; thence East 14,760.00 feet to a point having Coordinates of X = 1,806,632.00 and Y = 355,562.00; thence South 7,378.00 feet to a point having Coordinates of X = 1,806,632.00 and Y = 348,184.00; thence West 14,760.00 feet to a point having Coordinates of X = 1,791,872.00 and Y = 348,184.00; thence North 7,378.00 feet to the point of beginning, containing approximately **2,499.98 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The Office of Mineral Resources will require a minimum bonus of \$300 per acre and a minimum royalty of 25%.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

NOTE: The Department of Wildlife and Fisheries has designated certain areas in the coastal waters of the State of Louisiana as Oyster Seed Bed Areas. The exact location of those Seed Bed Areas must be obtained from the Department of Wildlife and Fisheries and any work done under a mineral lease from the State of Louisiana may necessarily be conducted in conformity with the rules and regulations promulgated by the said Department of Wildlife and Fisheries for Oyster Seed Bed Areas.

NOTE: All or a portion of this Tract lies within one nautical mile of the boundary of the Russell Sage or Marsh Island Wildlife Refuge and Game Preserve. Any activities connected with this lease conducted within this Tract which may pose potential environmental impacts to the said Wildlife Refuge and Game Preserve should be coordinated with the Louisiana Department of Wildlife and Fisheries.

Applicant: PATRICK L. DONOHUE PETROLEUM PROPERTIES, INC.

**TRACT 39138 - Iberia Parish, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description the title of which vests in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on June 13, 2007, situated in Iberia Parish, Louisiana, and more particularly described as follows: Beginning at a point having Coordinates of X = 1,806,632.00 and Y = 355,562.00; thence East 14,760.00 feet to a point having Coordinates of X = 1,821,392.00 and Y = 355,562.00; thence South 4,342.81 feet to a point said to be the boundary of Marsh Island Wildlife Refuge having Coordinates of X = 1,821,392.00 and Y = 351,219.19; thence along the meanders of said Marsh Island Wildlife Refuge the following: Northwesterly to a point having Coordinates of X = 1,819,316.21 and Y = 354,267.79; Southwesterly to a point having Coordinates of X = 1,815,097.54 and Y = 351,018.58; Northwesterly to a point having Coordinates of X = 1,811,075.96 and Y = 352,851.13; Southeasterly to a point having Coordinates of X = 1,813,676.44 and Y = 347,850.97; Southwesterly to a point having Coordinates of X = 1,806,632.00 and Y = 343,140.08; thence North 12,421.92 feet to the point of beginning, **LESS AND EXCEPT** that portion, if any, of the Marsh Island Wildlife Refuge that may lie within the above described tract, containing approximately **1,996 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The Office of Mineral Resources will require a minimum bonus of \$300 per acre and a minimum royalty of 25%.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its

Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

NOTE: The Department of Wildlife and Fisheries has designated certain areas in the coastal waters of the State of Louisiana as Oyster Seed Bed Areas. The exact location of those Seed Bed Areas must be obtained from the Department of Wildlife and Fisheries and any work done under a mineral lease from the State of Louisiana may necessarily be conducted in conformity with the rules and regulations promulgated by the said Department of Wildlife and Fisheries for Oyster Seed Bed Areas.

NOTE: All or a portion of this Tract lies within one nautical mile of the boundary of the Russell Sage or Marsh Island Wildlife Refuge and Game Preserve. Any activities connected with this lease conducted within this Tract which may pose potential environmental impacts to the said Wildlife Refuge and Game Preserve should be coordinated with the Louisiana Department of Wildlife and Fisheries.

**TRACT 39143 - Iberia Parish, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description the title of which vests in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on June 13, 2007, situated in Iberia Parish, Louisiana, and more particularly described as follows: Beginning at a point having Coordinates of X = 1,852,987.00 and Y = 337,579.00; thence North 89 degrees 57 minutes 09 seconds East 4,025.30 feet to a point said to be on the boundary of the Marsh Island Wildlife Refuge having Coordinates of X = 1,857,012.30 and Y = 337,582.33; thence along the meanders of said Marsh Island Refuge the following: Southwesterly to a point having Coordinates of X = 1,851,932.84 and Y = 335,631.92; Northwesterly to a point having Coordinates of X = 1,849,946.27 and Y = 339,961.71; Northwesterly to a point having Coordinates of X = 1,844,859.61 and Y = 341,388.00; Southwesterly to a point having Coordinates of X = 1,844,140.11 and Y = 340,673.82; Northwesterly to a point having Coordinates of X = 1,842,222.22 and Y = 344,055.04 and Northwesterly to a point on the Southern boundary of the West Cote Blanche portion of State Lease No. 340, as amended; thence Easterly approximately 1,798 feet along the Southern boundary of said portion of said State Lease No. 340 to its Southernmost Southeast corner; thence Easterly approximately 11,508 feet to a point having Coordinates of X = 1,852,987.00 and Y = 344,957.06; thence South 7,378.06 feet to the point of beginning, **LESS AND EXCEPT** that portion, if any, of State Lease No. 340, as amended, that may lie within the above described tract, **ALSO LESS AND EXCEPT** that portion, if any, of the Marsh Island Wildlife Refuge that may lie within the above described tract, containing approximately **1,488 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The acreage contained herein, being a portion of State Lease 335, 340 or 341, was subject to the litigation between Texas, Inc. and the State of Louisiana which resulted in the Global Settlement Agreement compromise whereby this acreage was reassigned through various mesne conveyances to the successors of William T. Burton, the original lessee of said leases from the State, (hereinafter otherwise referred to as the "ORRO's) and approved by the State Mineral Board, becoming effective April 25, 1994. Under separate agreement by and between the State and the ORRO's, certain obligations were to be met within a specified time frame or the ORRO's became obligated to release the reassigned acreage back to the State. The obligations were not met within the specified time frame and the State began securing the releases for the acreage contained herein. Due to the extremely large number of ORRO's, their nationwide and worldwide dispersal, the unreliability of available contact information and/or a present inability to obtain full, requisite cooperation, the State has, as yet, not secured releases from certain ORRO's representing approximately a .0258336 interest in this acreage. Accordingly, although the State is diligently pursuing the requisite releases affecting this acreage (the furnishing of which the ORRO's representing the stated decimal interest are obligated), nevertheless, a party obtaining a mineral lease from the State of Louisiana on the acreage contained herein shall do so with full knowledge that a complete release of all specific ORRO interest in this acreage has not as yet been secured and shall assume a business risk commensurate with the unsecured interest release.

NOTE: The Office of Mineral Resources will require a minimum bonus of \$300 per acre and a minimum royalty of 25%.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

NOTE: The Department of Wildlife and Fisheries has designated certain areas in the coastal waters of the State of Louisiana as Oyster Seed Bed Areas. The exact location of those Seed Bed Areas must be obtained from the Department of Wildlife and Fisheries and any work done under a mineral lease from the State of Louisiana may necessarily be conducted in conformity with the rules and regulations promulgated by the said Department of Wildlife and Fisheries for Oyster Seed Bed Areas.

NOTE: All or a portion of this Tract lies within one nautical mile of the boundary of the Russell Sage or Marsh Island Wildlife Refuge and Game

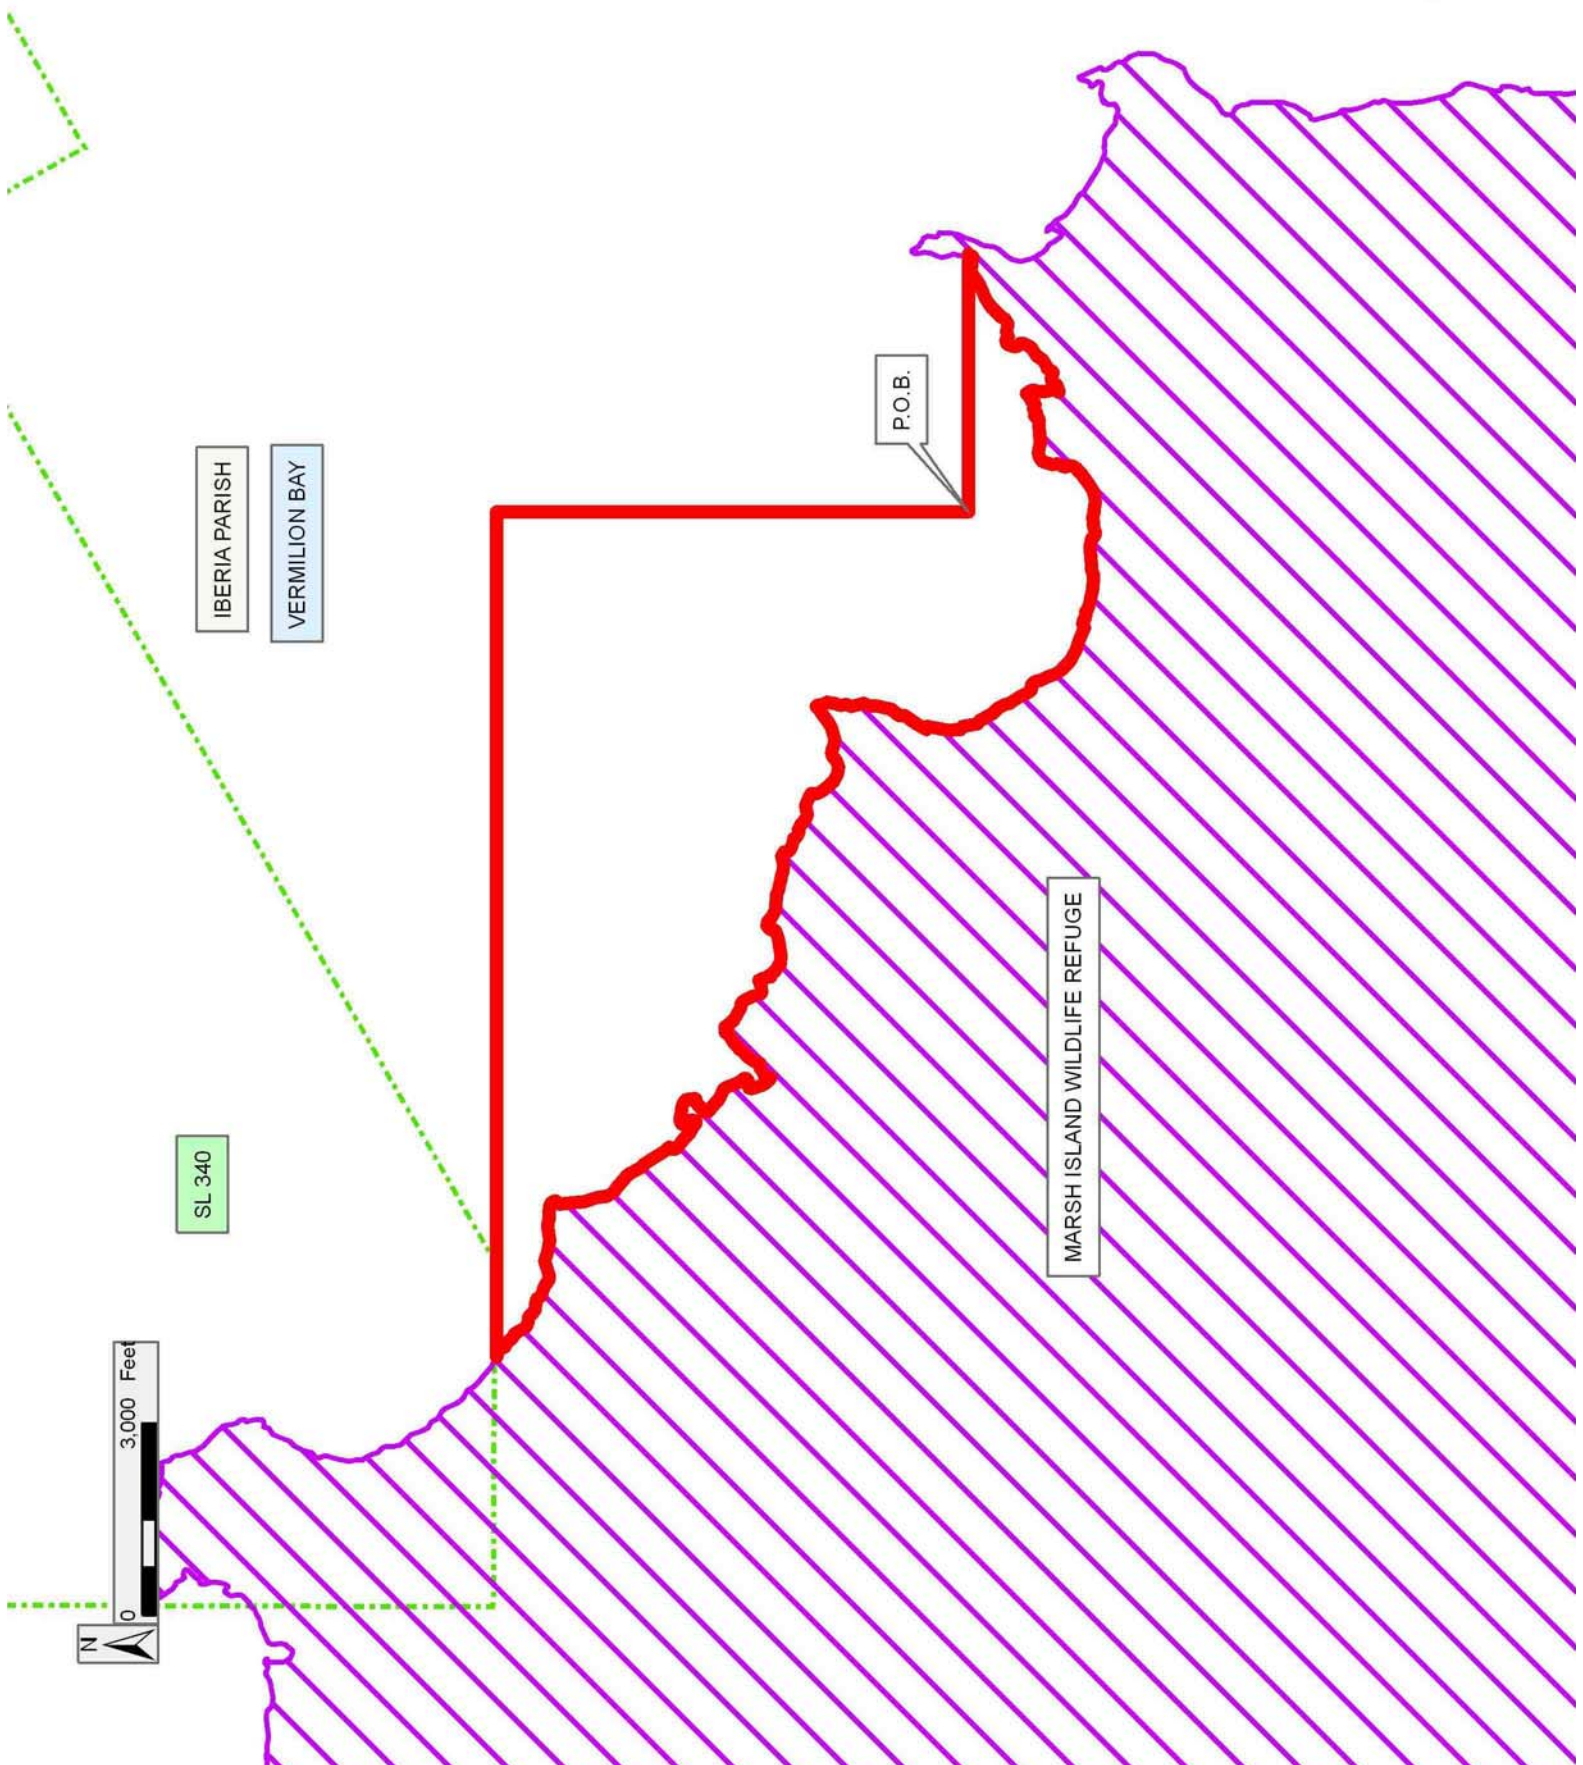

Preserve. Any activities connected with this lease conducted within this Tract which may pose potential environmental impacts to the said Wildlife Refuge and Game Preserve should be coordinated with the Louisiana Department of Wildlife and Fisheries.

**TRACT 39144 - Iberia Parish, Louisiana**

All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description the title of which vests in the State of Louisiana, together with all islands arising therein and other lands formed by accretion or by reliction, where allowed by law, excepting tax adjudicated lands, and not presently under mineral lease on June 13, 2007, situated in Iberia Parish, Louisiana, and more particularly described as follows: Beginning at a point having Coordinates of X = 1,852,987.00 and Y = 337,579.00; thence North 7,378.00 feet to a point having a Coordinates of X = 1,852,987.00 and Y = 344,957.00; thence East 14,760.00 feet to a point having Coordinates of X = 1,867,747.00 and Y = 344,957.00; thence South 00 degrees 00 minutes 05 seconds East 7,378.00 feet to a point having Coordinates of X = 1,867,747.17 and Y = 337,579.00; thence West 10,496.21 feet to a point said to be the boundary of the Marsh Island Wildlife Refuge having Coordinates of X = 1,857,250.96 and Y = 337,579.00; thence along the meanders of said Marsh Island Wildlife Refuge, the following: Northeasterly to a point having Coordinates of X = 1,857,272.97 and Y = 338,095.00; Northwesterly to a point having Coordinates of X = 1,857,073.19 and Y = 338,468.17; Southwesterly to a point having Coordinates of X = 1,856,956.65 and Y = 337,998.72 and Southeasterly to a point having Coordinates of X = 1,857,012.30 and Y = 337,582.33; thence South 89 degrees 57 minutes 09 seconds West 4,025.30 feet to the point of beginning, **LESS AND EXCEPT** that portion, if any, of the Marsh Island Wildlife Refuge that may lie within the above described tract, containing approximately **2,494 acres**, all as more particularly outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927, (North or South Zone), where applicable.

NOTE: The above description of the Tract nominated for lease has been provided and corrected, where required, exclusively by the nomination party. Any mineral lease selected from this Tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other future obligations or conditions which may affect all or any portion of the leased Tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessor prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rentals and royalties.

NOTE: The acreage contained herein, being a portion of State Lease Nos. 335, 340 or 341, was subject to the litigation between Texas, Inc. and the State of Louisiana which resulted in the Global Settlement Agreement

compromise whereby this acreage was reassigned through various mesne conveyances to the successors of William T. Burton, the original lessee of said leases from the State, (hereinafter otherwise referred to as the "ORRO's) and approved by the State Mineral Board, becoming effective April 25, 1994. Under separate agreement by and between the State and the ORRO's, certain obligations were to be met within a specified time frame or the ORRO's became obligated to release the reassigned acreage back to the State. The obligations were not met within the specified time frame and the State began securing the releases for the acreage contained herein. Due to the extremely large number of ORRO's, their nationwide and worldwide dispersal, the unreliability of available contact information and/or a present inability to obtain full, requisite cooperation, the State has, as yet, not secure releases from certain ORRO's representing approximately a .0258336 interest in this acreage. Accordingly, although the State is diligently pursuing the requisite releases affecting this acreage (the furnishing of which the ORRO's representing the stated decimal interest are obligated), nevertheless, a party obtaining a mineral lease from the State of Louisiana on the acreage contained herein shall do so with full knowledge that a complete release of all specific ORRO interest in this acreage has not as yet been secured and shall assume a business risk commensurate with the unsecured interest release.

NOTE: The Office of Mineral Resources will require a minimum bonus of \$300 per acre and a minimum royalty of 25%.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as herein above reserved.

NOTE: The Department of Wildlife and Fisheries has designated certain areas in the coastal waters of the State of Louisiana as Oyster Seed Bed Areas. The exact location of those Seed Bed Areas must be obtained from the Department of Wildlife and Fisheries and any work done under a mineral lease from the State of Louisiana may necessarily be conducted in conformity with the rules and regulations promulgated by the said Department of Wildlife and Fisheries for Oyster Seed Bed Areas.

NOTE: All or a portion of this Tract lies within one nautical mile of the boundary of the Russell Sage or Marsh Island Wildlife Refuge and Game Preserve. Any activities connected with this lease conducted within this Tract which may pose potential environmental impacts to the said Wildlife

Refuge and Game Preserve should be coordinated with the Louisiana Department of Wildlife and Fisheries.
